INUVIK LIVING WAGE

Living Wage is based on a bare-bones budget without the extras many of us take for granted. The Living Wage budget includes food, clothing, rent, transportation, child care, health care, adult education, some household expenses, and a small emergency fund.

In 2015 and 2017, Yellowknife's Living Wage was calculated to be \$20.68 and \$20.96, respectively based on a 40-hour work week. In 2019, Living Wage estimates were undertaken for Inuvik Yellowknife, and Hay River. The work week was assumed to be 37.5 hours to better align with Living Wage estimates in other parts of Canada.

The 2019 Inuvik Living Wage rate for a couple family with 2 children is \$23.78. It is important to highlight that this result is based on an Indigenous family (the most common household demographic) that has access to child care and health benefit programs that non-indigenous families cannot access.

Support for the NWT 2019 Living Wage project was provided by the PSAC Social Justice fund, the PSAC NWT Area Council and the RC Diocese of Mackenzie-Fort Smith.

How was Inuvik's Living Wage calculated?

The *Canadian Living Wage Framework* (CLWF) developed by Vibrant Communities Canada was used as a guide for Hay River's 2019 Living Wage calculation.

Calculation Method - Living Wage is the hourly wage rate that allows this formula to balance:

$$\text{Annual Expenses} = \text{Before-Tax Employment Income} + \text{Income from Government Transfers} - \text{Taxes}$$
