Honourable Shane Thompson
Minister of Lands
Government of the NWT

by e-mail: Shane_Thompson@gov.nt.ca

Minister Thompson:

Congratulations on your appointment as Minister of Lands.

We are writing to ask that you consider how Regulations are developed during your mandate.

The *Public Land Act* was passed at the very end of the 18th Assembly. It was drafted as 'enabling legislation', with much of its power to rest in the Regulations.

Practice within the GNWT regarding stakeholder involvement in the development of Regulations is not as defined as it is in the development of legislation. We ask that you ensure the involvement of stakeholders in developing Regulations for the *Public Land Act*. We suggest that the development process be workshopped with broad stakeholder involvement. Funding for stakeholder groups such as ourselves is needed since volunteers and unfunded projects cannot be relied on for this type of work.

Attached is information about our organizations for your background information.

We look forward to working with you and your colleagues on this important matter.

Yours sincerely,

Craig Scott

Executive Director
Ecology North

Lois Little

Co-Chair
Council of Canadians – NWT Chapter

Karen Hamre

Member
Alternatives North
Ryan Danby

Chair
Canadian Arctic Resources Committee

cc. The Honourable Caroline Cochrane, Premier

Attachment:

Alternatives North (www.alternativesnorth.ca)

Alternatives North is a social justice coalition operating in the Northwest Territories. Alternatives North takes the grassroots approach to democratic change. Our alliance of interests provides a forum and a voice for issues analysis, popular action and social change. Within our ranks are representatives of churches, labour unions, environmental organizations, women and family advocates and anti-poverty groups. Individual citizens are important participants in our work.

Alternatives North is a volunteer organization, registered under and in good standing with the NWT Societies Act.

Ecology North (www.ecologynorth.ca)

Ecology North was founded in Yellowknife in 1971 (one of the founders was Bob Bromley, former MLA)

Mandate - Healthy Northern Environment Forever

Status - Charitable organization in good standing with NWT Societies
Board - 10 board members - all from NWT
Funding - Over 99% from Canadian (mostly northern) governments, foundations and organizations.

Canadian Arctic Resources Committee (www.carc.org)

The Canadian Arctic Resources Committee (CARC) was established in 1971 and is a national public interest, research and advocacy organization dedicated exclusively to northern issues. CARC is committed to ensuring environmentally-responsible northern development, support for the rights of Indigenous peoples, community well-being, and increased international co-operation in the circumpolar world. It has published more than 100 books and monographs, facilitated nationally significant conferences on the Arctic, and has been an instigator of positive change and truly sustainable development in the North.

CARC is currently headed by a seven-member board of directors and employs a part-time program director. Four of the directors are full time residents of either the NWT or Nunavut and have been for the majority of their lives. The three directors from southern Canada have well over 50 years of shared experience working with individuals, governments, and First Nations in each of Canada's territories.

CARC is a charitable organization incorporated under the Canada Not-for-profit Corporations Act.

Council of Canadians – NWT Chapter (<https://cocnwt.wordpress.com>)

The Council of Canadians (CoC) is a non-profit society that was founded in 1985. Headquartered in Ottawa, CoC is Canada's largest citizens' organization, with 150,000 supporters and 45 local/regional chapters throughout the country. Chapters like the NWT Chapter function as ad hoc committees of CoC.

CoC works to protect Canadian independence by promoting progressive policies on fair trade, clean water, energy security, public health care, and other issues of social and economic concern to Canadians. Nationally and locally we organize speaking tours, days of action, conferences and demonstrations. We also produce research reports and create popular education materials to ensure that governments know the kind of Canada we want.

CoC does not accept money from corporations or governments, and is sustained entirely by the volunteer energy and financial assistance of its supporters. The NWT Chapter was established in 2013 as a forum for active and democratic citizen engagement in social and environmental issues of concern and interest to people in Treaty 8 and 11 Territories. We also provide a conduit to regional and national CoC offices so that we can collaborate on issues of shared concern.

All volunteers with the NWT Chapter live in the NWT.
